**Site Description**

See POLREP #1

**Current Activities**

On October 19, 2009, construction of the de-con station was completed. Removal and relocation of debris from within section J of the facility was completed. This will be the staging area for drums and containers for later disposal. The ambient air inside the facility was monitored for the following parameters with the use of 4 AreaRaes: Lower Explosive Limit (LEL), Carbon Monoxide, Hydrogen Cyanide, Hydrogen Sulfide, Volatile Organic Compounds (VOC), and Oxygen. Also, 3 DataRams from ERT's RAT, was used to provide real time air and dust particulate monitoring.

On October 20, 2009, collecting of small containers

On October 21, 2009, overhead door #16 was reconstructed using lumber and plywood to allow access into section "I".

On October 22 - 23, 2009, collecting of small containers

#### **Next Steps**

Continue collecting and staging small containers into area J. Security is on-site during non-working hours.

#### **Key Issues**

None.

#### **Estimated Costs \***

|                           | <b>Budgeted</b>     | <b>Total To<br/>Date</b> | <b>Remaining</b>    | <b>%<br/>Remaining</b> |
|---------------------------|---------------------|--------------------------|---------------------|------------------------|
| <b>Extramural Costs</b>   |                     |                          |                     |                        |
| ERRS - Cleanup Contractor | \$440,000.00        | \$88,187.00              | \$351,813.00        | 79.96%                 |
| RST/START                 | \$75,000.00         | \$16,681.62              | \$75,000.00         | 77.76%                 |

| <b>Total Site Costs</b>   | <b>\$515,000.00</b> | <b>\$104,869.00</b>      | <b>\$410,131.00</b> | <b>79.64%</b>          |

\* The above accounting of expenditures is an estimate based on figures known to the OSC at the time this report was written. The OSC does not necessarily receive specific figures on final payments made to any contractor(s). Other financial data which the OSC must rely upon may not be entirely up-to-date. The cost accounting provided in this report does not necessarily represent an exact monetary figure which the government may include in any claim for cost recovery.
